SUZANNE BROOKER received her BFA at the California Institute of the Arts in 1979, attended by invitation the Whitney Museum Independent Study program in New York City, and pursued her drawing studies at the School of Visual Arts. In 1990 Brooker returned to the West Coast and studied life drawing with Gary Faigin at the Gage Academy of Art and completed her MFA in figurative painting under Domenic Cretera at California State University, Long Beach. The author of *Portrait Painting Atelier* (2011), Brooker currently paints and teaches drawing and painting at

the Gage Academy.

This is the finest book about the art of painting nature that I have ever seen. I am working thru it slowly because it contains so much information that I have not had access to before. Thank you Ms. Brooker for your great skill in making the process more understandable and for your generosity.

This is one of the most beautiful books on oil painting landscapes I have yet to read. Each chapter handles a different element of the landscape painting and there is a wonderful chapter on materials as well.

One of my favorites, a nice survey of techniques used in important aspects of landscape painting and lots of excellent illustrations!

Well written, lovely paintings as examples. It has a more contemporary feel. Already learning and improving and being inspired.

Found information about clouds very valuable.

Brooker's examples are not the best (overly dark and with dubious contrasts) but instructions are wonderful, excellent examples from other artists and first rate guidance on color mixing, composition for those pesky trees and sky. Highly recommended.

Wonderful insite and inspiration as well as strong visuals. Recommend highly. The Elements of Landscape Oil Painting: Techniques for Rendering Sky, Terrain, Trees, and Water

Lovely photos. Disorganized contents (" palettes" are discussed all over the place). No standard usage of confusing terms regarding color: tone, tint, shade, note-- none of this makes sense. Munsell's terminology of hue, value and chroma avoids misunderstandings.
