## **Synopsis**

Change the quality of your travels to Italy with this amazing phrasebook. This easy-to-search, easy-to-use phrasebook will help you communicate with the locals - +1000 common phrases/sentence structures included. As an educator for more than 20 years, I'm a fan of teaching others. And there is no greater challenge than to learn a language and to use that tool when traveling abroad! I created this Italian phrasebook as a way to increase your enjoyment when traveling to such amazing places as Rome, Venice, and Florence. Imagine what the ability to communicate with the locals will do for your travel experience, allowing you to connect with new and interesting people, or even live or study in places like Naples or Siena! In essence, it's a journey to become more open-minded about the world, discovering amazing new people in the process. In this book, you have the main tools you will need to develop pronunciation, phonology, and sentence structure. The grammar section is clear, and holds all the references you will need when on your travels. From general conversation, to accommodations, travel and ordering dinner, this is an invaluable resource to keep in your pocket and assist you in common situations you will find yourself in your travels. I invite you to listen on and begin a fascinating learning experience. Here is a preview of what you will learn: Specific situational references to help you when eating out, traveling, requesting directions, shopping, and much more! The fundamental vocabulary that will get you off your feet in no time Basic slang and other tips to interact better with the locals Common phrases to use when traveling to Italy Basic grammar and pronunciation, so you will feel comfortable in your interactions in Italian Other resources to continue learning and improving your mastery of the language

## Customer Reviews

If you are planning to visit Italy, this book is perfect for you. You will know the travel ideas when visiting Italy and know the basic culture. The book also tackles different phrases that are very useful and helpful even if it is very basic. We all know that learning other language is not that easy, time and dedication is really needed. This book taught me the language easily you will just need to practice it. This book is a big help, it will give you knowledge on how to interact with Italians and not just interact but also basic knowledge on how to read and listen. You will be inspired and be confident to learn Italian language. The content of the book are good because of the basic things you need to learn are here, from Italian letters and numbers. The examples are very helpful, from basic greetings and different scenario.

It's okay but there is no pronunciation given for each phrase, as I have seen in other phrasebooks. I shall have to purchase a different book and therefore I am a little disappointed.

This book is more than just an Italian phrasebook; it is a guide to learning more about other languages. For example the author adds some useful information about where Italian is spoken widely, this can help with knowing where to use your language skills. The content of the book itself is great because these are common conversation phrases. The author also offers help with the pronunciation of words. These are everyday phrases as they come from greeting, directions, transportation, numbers. This book would be a good start for someone learning Italian for the first time.

commonly used phrases in Italy are all here! I liked how this language book was written. very easy to understand and the right pronunciation of every word was clearly instructed. I never thought it is possible to learn all these in one short book. Although there are times I have to listen to it from the internet. The example situation and conversation is what I liked most. It made it much easier to understand. good guide to Italian language. Perfect for those who are planning to go on vacation in Italy.

This phrasebook is fine in principal, but isn't much use on the street. the phrases aren't very easy to find and not well explained.

I was never able to download the information to my Kindle..

great help In Italy. Came in real handy.

Awesome easy to understand
