Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Love this map, high quality and great details,

I purchased this map for my wall, and for the most part it's exactly what I wanted: large, clearly labeled, well detailed. My only complaint (and honestly, if I'd looked more closely at the picture, I would have realized this) is that it doesn't include Isla de Coco, an important feature of the country. For a map of this caliber and price, I would want it to showcase the entire country.

I live in Costa Rica, Curridabat. Yeah, I know...lol I was just too lazy to go shopping for a map. Besides I didn't find it in the shopping mall, and I can tell you this map is great if you need something general. I use it to point our clients routes.

This is the best standard map you will get of paradise. It's big, takes up a good portion of the wall, and does its job well. I have no complaints to address.

VERY NICE, LARGE SIZE LOTS OF SMALL PLACES THAT DON'T APPEAR ON SMALLER MAPS. ROADS EASY TO SEE.

this is the largest of the National Geographic wall maps that I have purchased which is nice. As usual, you can't go wrong with NG maps. Beautiful, detailed, and well laid out. Plus had the best price.

Great map at a great price!

It is a very nice wall map!
