## **Customer Reviews**

Robert G. Mayer Licensed Embalmer and Funeral Director Pittsburgh, PA Adjunct Professor Pittsburgh Institute of Mortuary Science Pittsburgh, PA With a foreword by John D. Reed, Sr., CFSP, CPC Funeral Director--Embalmer Dodd and Reed Funeral Home Webster Springs, WV Past President--National Funeral Directors Association Brookfield, WI

excellent book, used for embalming 1 and 2

## **Reference**

The book its self is good, but the kindle formatting is horrid, there are no page numbers, no scroll bar, and the search function is broken. Really should be a pdf version.

The quality of the book was good--it was still shrink wrapped. I paid a hefty price for the book, but since it was shrink wrapped, I expected to get everything that came with the book. The CD was not included. Therefore, I would rate this TWO STARS.VJ

I went to a professional embalmers conference this year and met the author and some of the contributors to chapters in the book. I was able to preview the book prior to purchase. I came away very impressed with the thought process that went into its compilation. This is probably the most complete treatise on the topic of embalming.

THE BOOK IS PRINTED UPSIDE DOWN! The information is intact but really?.... Sending me the most relavent embalming book of all time upside-down is just annoying. I paid \$120.00 to be annoyed

My book was listed in good condition. It was still wrapped in the plastic! I call it excellent.

The book came in decent condition in a timely fashion. It was a required course text that was out of stock at my school. I haven't read much of it, it's for next semester, but was a required corequisite text for a course I'm taking this semester.
