Pick 3 Lottery: Key Digit Programs

Synopsis

How to Find the Hottest Key Digits Someone emailed me recently with a simple question: what are the best programs to use to identify the best key digits (digits with a good chance of hitting in the next 1 to 6 drawings). I answer that question in detail in this Kindle. Most of the programs I explain here give you key digits good for the next few drawings – but two programs in particular give you key digits good for the very NEXT drawing. These programs should be of interest to many players! Most of the strategies here are for the Pick 3 game, but I do explain one very good strategy for the Pick 4/Win 4 game. This strategy will give you one digit that has a very good chance of hitting in the next 1 to 6 drawings in the Win 4 game. In addition, just like I did in the Super Special Kindle: <https://www..com/dp/B073PBXSYH> here I also provide a Special Code that will give you 60 day access to my Gold programs for a special price. And for those of you who are curious, I list ALL the programs you will have access to as a Gold member in this Kindle.

FULL DISCLOSURE: All the strategies I explain here are dependent on the use of my programs, so this report is actually meant for members of any one of my coaching programs: Basic, VIP or Gold. However, if you are a serious Pick 3 player, you will get some good ideas just by learning what I will be teaching here; at the very least, you will get my 40 Power Numbers; these are perhaps the 40 best numbers to play in the Pick 3 game. If you are looking for a system that does NOT depend on the use of any programs, I suggest you read SECRETS-2 and Advanced Tracking Systems. The system I explain in these two Kindles does NOT rely on any programs; they are based on pen and paper systems. SECRETS-2: The Master Reference

Customer Reviews

I've been using Anthony's key digit programs for some time, and they are pretty accurate. When I prepare my playlist, I pull the numbers from the Basic Box Program, the Key 40 program, and I cross reference those digits with the Code Key Match program. Usually, those digits that typically fall within the next two drawings. I highly recommend the Key Digits Program PDF for the Pick 3 player that wants to win!

AA gives great insight in the Pick 3. Since I've started reading his books, I've won more than 2x per week and have made a profit. This book has helped me narrow down how I play for those better results. The read is easy to understand and like he says, always paper test first before starting to play. Whether you are into for money or just a fun hobby, the "Key Digit Programs" book is a must have.

This book is good reference guide which gives you an idea if you are on the right track when it comes to picking numbers to play using a combination of several of this programs will give you what to play or not to play by giving one number to work with.

AANewYork is a Pick 3 God! He has forgotten more about the game than most so-called "experts" think that they know. This is an intro and explanation piece to some of his best programs, some of which I use several times a week...a must read if you ever want to win any real money at the game!

Wow! Best Kindle for wining. The author explains here how everyone can easily make money to use key digit system. I suggest everyone to buy this Kindle for win.Trust me,Really good stuff. Thanks

antony for your great work.

These methods are really amazing. If you love playing with numbers you will love this and it is sometimes exciting to see how it works. I believe it is one of the best pick 3 Lottery books ever published. I would refer this book anytime.
