The Outsiders (A Full Lenth Play In Two Acts)

Synopsis

This entirely practical stage adaptation deals with real people, seen through the eyes of young Ponyboy, a Greaser on the wrong side of life, caught up in territorial battles between the have-it-made rich kids the Socs and his tough, underprivileged Greaser family and friends.

As a book is got character and power, I lived during that teenaged era. This play misses the depth and the force of the characters. It takes the superficial stations but misses the heart of them. It seems to be going for a teen age drama, as if teenagers don't have depth. Its a miss for me.

Good play for Junior High and High School kids. Many will recognize it from the book and or the movie. Script arrived in good condition and on time.

My son needed this book for school.Excellent choice.Thank you

As a middle school teacher, I am excited to incorporate this adaptation into our Outsiders unit. The kids will enjoy taking ownership if the characters!

I buy most of my children's English books here on . I bought the wrong one this time. He needed the novel and not the play adaptation. So, beware if you are looking for the novel. (I wish teachers would be more specific and give us the ISBN #) He was able to to start his annotation for class as he waited for the correct book to come in.

The item received was in great condition when delivered. Prompt service. I would recommend this product to my friends. everything was described exactly before purchased.

The Outsiders by S.E. Hinton is an exciting novel that children from grades 6 to 8 will especially enjoy; that was the age I read this book and I still remember the story now over 8 years later. This is because preteens will be interested in learning about gangs and the problems that are associated with them. It is a great story that teaches a good lesson. There are many interesting characters that have their own unique personalities. The Outsiders is about the life of Ponyboy Curtis, who is a part of the gang called the Greasers. The Socs are the rivals of the Greasers. Ponyboy lives with his brothers and has no parents. What difficulties does Ponyboy face because he is a part of a gang? 4.5/5

I read this over 20 years ago, and gave my copy to my grandson. They just don't make plays/books like this anymore. The dynamics of the time still hold true today. I think this is a great one to add to your library.
