Way too simple and way too basic. NOT All about softball. If you know absolutely nothing about softball this is the book for you. If have ANY understanding of the game or can watch a game without getting lost you need a different book.

Was not what I expected. I didn't learn anything from this book. I thought this book would help me teach my pupils how to play and learn the basics of softball, but it didn't.

I was wanting more of a softball rules book but I did learn a lot from this book..... I will surely recommend this book
