Perfect for our needs

The last of its kind. Good reference. Obsolete now after ICD-10 took affect.

Great

Purchased a "clean" copy for the CPC and CCS exams as I felt my current copy contained too many notes. Easy to use book although sometimes the pages come off the bottom spiral. Easy to fix.

Best version, spiral bound, same as we use at the hospital! Love the images and helpful hints. You

can't get that from the encoder.

Very fast shipping, item as expected!!

Just as advertised and just what I needed. Thanks.

It was in perfect condition
