## Customer Reviews

This is not an "average" size notebook, but much smaller. That info should be in the title somewhere. And I guess I should have looked more closely at the description, but when you see notebook you just assume.

Anything leopard is worth it and great. Nice, smooth and professional looking tablet. A conversation piece at meetings. Would definitely recommend to other leopard collectors.

I was offered two of these lovely notebooks to evaluate and review and I GENEROUSLY offered one of them to my older sister who was visiting. If you know anything about the dynamics of sisterly relationships, you will already have guessed that she ended up with BOTH of them. The cover of this one is a beautiful black and gold leopard print design with a contrasting black band on the bound side. Both the cover material and the paper inside are creamy and smooth and it makes the notebook a pleasure to use. The binding is of fine quality and looks like it will hold up well. The size is perfect for slipping into your pocket or purse. It would make a lovely gift, although you will need to supply the gift wrapping paper. I thought it was interesting that my sister said she would use this notebook to take notes at her church committee meetings. Apparently planning the yearly rummage sale brings out the savage in all of us. Free sample provided for review.

A nice little notebook with blank, lined pages. It's a good size for carrying in your purse or laptop bag. The cover design is attractive with vibrant colors. It would make a good stocking stuffer or maybe a gift if you included a ribbon with a nice pen attached.
