# Table Fables: A Collection Of Tables For The Weary Game Master

## Synopsis

Do you play Dungeons and Dragons, Pathfinder or some other obscure brand of fantasy tabletop role-playing game? Do you enjoy lists of magical items, fantastical weapons, dubious potions and fascinating books? Do you tire of your players asking difficult questions such as "What is in the dead guy's pocket?" or "What is on this tavern's menu?" or other such wearisome inquiries concerning details you had no time to prepare for? Well, then this is the book for you. Table Fables is filled over eighty illustrated pages of tables and generators designed to be useful to all DMs, old and new alike.

This book is wonderful and incredibly handy!

Not bad but not terrific. This product has numerous random tables which help an aspiring GM.

I LOVE this book- Table Fables is the perfect reference and help for a DM whose party is always throwing them for a loop. It has everything I could ever think of needing to fill in the blanks in my campaign, and my players love the twists and flair it adds to our game.

This book is AWESOME! I have been using it ton for my campaigns to help populate dungeons, and to help my players come up with cool character names and the like. Definitely worth buying, there's tons of unique cool content in here that I love!

love the tables, quick access for campaigns.

Worth every penny! Glad I found it!

A beautiful companion book any DM should have. Lots of fun and whimsical tables you can roll on in a pinch to give you some inspiration. I laughed out loud as I read through some of the tables.
