# **Bone Cancer Causes, Symptoms, Stages & Treatment Guide: Cure Bone Cancer With A Positive Outlook**

## **Synopsis**

This book contains valuable information regarding bone cancer and everything related to it. Each chapter in this book will discuss a specific facet of bone cancer, such as its causes, symptoms, stages and treatment options. Before that, however, the first chapter will tackle a brief overview of what cancer in general is, as well as its history, and what science has discovered about it so far. Also included in this book is a chapter that focuses on the use of natural remedies to help relieve the pain and discomfort of a bone cancer patient. The last chapter of this book will talk about how maintaining a positive outlook and having a consistent, reliable support system through family and friends can help in the healing of bone cancer.

Chapter 1 â€“ Learning About Cancer  
Chapter 2 â€“ The Types of Bone Cancer  
Chapter 3 â€“ Symptoms of Bone Cancer  
Chapter 4 â€“ Causes or Risk Factors of Bone Cancer  
Chapter 5 â€“ Stages and Treatments for Bone Cancer  
Chapter 6 - Helping Bone Cancer Patients Maintain a Positive Outlook

## Customer Reviews

I already knew much of what was in this book, so I'd recommend this book to someone just starting to look for information about cancer.

This is a most informative book on bone cancer. None of us want to hear that word that starts with "C" but unfortunately most of us have by now. This book discusses the types, symptoms, causes, risk factors, stages and treatment. In addition, it closes with the manner in which a relative or friend may help the one that is doing the battle. I learned about Essiac tea to help boost the immune system and also peppermint tea which relaxes you (decrease in BP). One thing that I think is often overlooked in cancer is the importance of a positive outlook. I learned quite a few things in this short book. I have never known anyone personally that was stricken with this but I do know that it is very painful. Most highly recommended.

Very informative book without putting fears into people. Explains everything in detail.
