## Customer Reviews

A decent book, however, we were touring Gettysburg. We searched all over town for the visitors center which is mentioned in the book, couldn't find it, and finally asked a towns person. He told us that the visitors center had been moved "way out of town years ago." OK, we did find the visitors center and saw it was built in 2008. Went back and checked the book--hmmm, published in 2012. Not happy with that, otherwise, decent book.

This book helped a lot, I planned out where I want to go during my three day stopover in this area. I knew I wanted to visit Gettysburg, but I really was not familiar enough with the surrounding area. We needed to spend a few more days in between Gettysburg and Washington DC, because of a schedule change. Our time is now planned out after I found quite a bit to do between Hershey, and Lancaster, PA.

The guide was very helpful for planning our trip to Gettysburg and Pennsylvania Amish country. Gave us a great idea of what to expect during the different seasons of the year also, very helpful.

We will be going to this part of the country in a few weeks and it appears to cover all the things we are interested in seeing.
