This is Rihito Takarai's second English-language release, with her first being *Seven Days*. She has also been published in French, Spanish, and German. In addition, she publishes doujinshi (independent comics) under the circle name "Giga Traper." Born in Hiroshima Prefecture in October, she's a Libra with an O blood type and a self-professed fan of *Uta no Prince Sama*.

At first glance, it actually sounded boring..to tell the truth, I wasn't expecting much except for a generic BL to show up again. But to my surprise, it was actually quite decent. I like the concept of the story dirtying a germaphobe. Character design is also very nice! Would recommend to any fujoshi or just an avid anime fan. Pleasing read will continue until this story ends.

This artist's work is incredible. I found the series through the Kindle store, read all three that are out now, but it's the type of work/series that I wanted to have physical copies of. I have absolutely no

regrets about purchasing these manga in two different formats, and I love being able to support the author in this way.

The art is really good in this series and I absolutely love the idea that they're going with.

it does have a slow start but it works for the story. i cannot wait to start vol 2 right now.

I love how at the end she apologizes for it not being Yaoi enough. The story starts out really nice though. It been a while since I read yaoi that actually had plot...

Good book

This book is ok it stars slow but I will complete the series.

Ok. It's a little slow on the uptake. I'll read the second one just to see if it gets better.
