Fortune Telling Using Playing Cards

Synopsis

Will luck be a lady tonight? Or must we play the hand we're dealt? There is no need to use tarot cards to learn what the future holds: a regular deck of playing cards will do the trick - as long as you know how to read them. ã ã Fortune Telling Using Playing Cards teaches readers how to translate the four suits of the tarot into the more familiar hearts, diamonds, spades, and clubs found in the common playing card deck. Readers will learn the meaning of the cards, their individual symbolism, keywords, astrological associations, and the significance of their numbers. There are even suggestions on how to do a quick reading when you're short on time - so you will always know what's in the cards.

Jonathan Dee was a professional astrologer, tarot card reader, and clairvoyant and worked extensively throughout the United Kingdom and the United States. Jonathan was a recognized historian and mythologist, publishing many books on Egyptology, mythology, astrology, tarot, and history.

Good for what it is...an intuitive guide for using playing cards instead of tarot. If one wishes to try this, a book like this explains what the symbols on the playing cards mean. My great-grandmother used to do this for fun and was good at it...I thought I would see what this was all about.

Surprisingly, I didn't read how big the book was, but it's very good. Lots of information.

Good book to help understand the suits and meanings. And learn to read your fortune

having a lot of fun trying to decide which one i want to use. think i'll settle on the Lenormand system

Thank you, happy with purchase

Excellent. Just what I was looking for.
