Thanks!

This book brought back a lot of memories from my childhood

These wonderful song arrangements are very good, except if you're planning to use them as piano accompaniment with a singer. They include the melody line in the arrangements, which is not optimal when a soloist is singing.

There is a verse missing from Climb Every Mountain. The wording for one of the verses for Do Re Mi is mixed up. In the book, the kids say "Do!" after Maria says "Do a deer a female deer." The Lonely Goatherd is also not correct. These are a few things I noticed immediately. If you know the songs well enough and have a piano player who knows the songs to accompany you, you can play the songs as they appear in the movie. Also, the CD is accompaniments only. It would be nice to have the vocals for each song as well. I used the soundtrack for the vocals but it would be better if it was all on one CD.

just what I was looking for!
