# Do My Business Taxes Please: A Financial Organizer For Self-Employed Individuals & Their Tax Preparers

## **Synopsis**

Do My Business Taxes Please! by KiKi Canniff makes it easy for the small business owner to work with their tax accountant. No matter how good a tax preparer is, if an independent contractor does not provide all of the necessary information, that tax return will be wrong. And, that person will either pay too much tax or fail an IRS tax audit, if selected. Do My Business Taxes Please! will help to insure that you don't overlook important tax information. It was designed to give tax professionals and their self-employed clients a simple preparation tool. This small business organizer explains how to document your business activities, as well as self-employment income and expenses. It requires no computer, special math or bookkeeping skills, and includes all of the forms necessary for tracking a year's worth of income and expenses. Learn how to grow your business on pre-tax dollars and exactly what the IRS expects of the independent contractor. Written in easy-to-understand terms, this organizer will work for any self-employed individual. And, once it's filled it out, it will contain everything necessary for filing a Schedule C tax return. Simple forms have been included for tracking income, inventory, and expenses in a manner that will satisfy both the IRS and those tax professionals working to prepare Schedule C tax returns for small business owners. Space has been provided for the entry of information needed for home office deductions, vehicle expenses, end-of-year inventory, mileage documentation, and all of your other important tax data.

She has done an excellent job with her book and I highly recommend it to anyone who is starting their own business, especially to those entrepreneurs who are moving from a hobby to a business.

I want to tell you that on a scale of 1 to 5, this book is a ten. The author has done a fantabulous job by showing how every business owner should be organize. Don't wait for an IRS audit, be prepared so you won't have to pay unnecessary taxes. This book will help to insure you don't overlook important tax deductions that will save you a lot of money. An outstanding book. I wish I had this book years ago when I started writing books as a independent source of income. It is a great tool for self-employed individuals. I loved the worksheets. The ABC of expenses and the associated explanations of these deductibles helped the most! KiKi Canniff has created a beautiful book to help with your taxes each year.
