Bought for my great nephew. He loves it. It has activities for him to do.

Awesome and fun book. Lots of fun, "pointless" things to keep anyone busy. My middle school aged preteen loves it. I'm tempted to order one for myself in times where I need something to do.

My daughter liked it

Alfie Deyes is one of my daughter's favorite YouTube personalities and she was thrilled to receive this and its companion. She is having fun with them.

My niece asked for these books and I got them for her:)

It definitely kept me entertained and I loved the corresponding app that went with it

Although the title of the book might deceive you at first, it most definitely is not pointless. Its like a little diary type book with so much fun and cute stuff to do inside. Its amazing!

Thought it was amazing good job Alfie
