Just Go To Bed (Little Critter) (Pictureback(R))

Synopsis

Mercer Mayerâ™s Little Critter is not looking forward to bedtime in this classic, funny, and heartwarming book. Whether itâ™s time for him to stop playing and take a bath, or when he puts up a fuss getting into his jammies, both parents and children alike will relate to this beloved story. A great way to introduce children to their very own bedtime routine!

Customer Reviews

MERCER MAYER began writing and illustrating children's books in 1966, and since then, he has published over 300 titles. Readers can open almost any of his award-winning books and may pop dragons, cuddly monsters, wonderful creatures, and endearing critters. Drawing from his own childhood adventures for inspiration, Mayer created one of childrenâ™s books most cherished characters, Little Critter. He currently lives in Connecticut.

A fun bedtime book! My 29 year old son grew up with little critter books and now my grandchildren are! Wonderful to start helping your child learn to read at home. Funny and relevant for small children and their adventures growing up!

My sons read Little Critter books when they were small. They are grown now and passing their love of this adorable character to their children. I highly recommend the Little Critter books. I think Mercer Mayer is a brilliant children's book author. I gave my six year old granddaughter some of the books for her birthday in September and I found the adorable stuffed Little Critter. It is adorable!

The Little Critter books are great at covering different aspects of young childhood. This one is about getting the kid into bed. My children liked it, but perhaps my husband and I liked it even more. The youngin' doesn't want to take a bath because he is busy being a general, doesn't want to put on his pajamas because he is being something else, and once in his pajamas doesn't want to get in his bed. His parents are calm and patient and the book reflects the realities of a child and the people who love him.

I just love reading this book to my toddler to help him fall asleep at night. I grew up with this book series and it brings back great memories. I will be reading through them now with my kids.

When I saw the title, I thought the book would be more about how important bedtime is. I didn't really like that the child fought bedtime so much in the story. I felt it was just encouraging my own little one to do the same.

A must read for my nephew, he's 3 going on 4. We have to read it or he pitches a fit lol. Not too long a bit short so that makes it perfect for bedtime.

My toddler loves this book and I love reading it to him. I love Mercer Mayer books and now my son does as well. We have quite a collection and there has never been one book from this author that my son does not like. We need more books like this!

My kids love reading this before bed. We love Mercer Mayer books and have quite a few. Cute pictures and an easy read.
