Princess In Pink

Synopsis

The fifth book in the #1 New York Times bestselling Princess Diaries series by Meg Cabot. In her heart of hearts, Mia has but one wish: an evening spent with Michael in a tux and a corsage on her wrist—*in other words, the prom*. Michael, however, does not seem to share the dream that is the prom. Worse still, a service workers' strike (with Grandmère and Lilly at the heart of it and on opposite sides) threatens the very existence of this year's prom. Will the strike end in time? Can Mia talk Michael out of his anti-prom views? Most importantly, will Mia get to wear her pink prom dress? *Princess in Pink* is the fifth book in the beloved, bestselling series that inspired the feature film starring Anne Hathaway and Julie Andrews. Beautifully repackaged in paperback, this title will appeal to new readers as well as fans looking to update their collection.

Book Information

Customer Reviews

Grade 5-9
In volume five in the series, Princess Mia has a new problem to overcome—*how to get to the senior prom when boyfriend Michael thinks it's the height of lame*. More drama erupts when Grandmère brings her poodle to Mia's 15th birthday party at a fancy restaurant. He gets loose, a busboy from Nepal gets fired, Mia's best friend starts a protest on his behalf, and the subsequent restaurant workers' strike shuts down the entire food and hotel industry, including the prom venue. Grandmère refuses to take responsibility, but finds an alternate prom site, and Mia manages to get the gig for Michael's new band. Thus, she gets to go to the prom. Fans will eat up this newest installment in the life of a teenage royal, and they won't mind

Mia's whining and often shallow insistence on the importance of the dance over a fight that might end her long-standing friendship with her best friend, and GrandmÃƒÂ“re's immature behavior. Mia is an engaging if sometimes not very memorable heroine, and the conversational tone of the diary entries makes this a fun, lighthearted read.â€œLinda Bindner, Truman State University, Kirksville, MO Copyright Â© Reed Business Information, a division of Reed Elsevier Inc. Gr. 7-10. The fifth volume in the *Princess Diaries* series finds Mia Thermopolis, high-school freshman and Genovian princess-in-waiting, with much on her mind: her fifteenth birthday, her continuing search for self-actualization, princess lessons with imperious Grandmere, her pregnant mom's approaching due date, and, most important, boyfriend Michael's senior prom. As expected, snafus abound. Michael shows no interest in prom; there's a rift with best friend Lilly; Grandmere's pooch causes haute uproar in a snooty restaurant, resulting in a service workers' strike; and, horrors, the prom is canceled. Mia's journal entries, filled with pop references and animated commentary, are sure to entertain; her romantic expectations (drawn largely from her favorite movies) contrast humorously with reality checks. Series fans will enjoy Mia's continuing saga that once again blends typical teen trials with noblesse oblige, and look forward to another installment. My daughter loved the book. I ordered the entire series for her.

yes meg cabot has done it again and still will i loved mia thermopolis it is a super good story from the first word to the very last you have your eyes glued on the page and wont set it down.

After reading the fifth book for The *Princess Diaries* Series, I can barely wait for the sixth book to come! But, you might ask, why did I give 4 stars to the book? First, Mia's obsession with the Prom. I mean, seriously, is it going to be the end of the world if you do not attend the prom? And for me it was a waste, since Mia and Michael could not dance after all. Second, Lilly and the bus boy making out in Mia's closet!! This is the girl fighting for honesty, yet she cheats on her boyfriend IN FRONT OF HIM and then wants him back?? From Lilly the fighter to Lilly the cheater. The good thing is that at the end, Lilly comes to her senses... and the girl cries!!!! I can't wait to see how Mia and Michael will survive when Michael goes to Columbia...

This series made my daughter start to love reading!

The Princess Diaries series is for girls of all ages. I really feel like I'm snooping on a girl of 14 to 16 years of age. How it takes me back to my teenage years. I remember that the prom was the big thing for us and this just reinforced it for me. Loved this book!

I am like breezing through all these books. This one was good too. This one wasn't my favorite I think is gets annoying sometimes but that's the ok. ☺

It's a really cook book! I loved it. Mia is one princess on a mission: Make Michael take her to the Prom! Lily was kindda... well Lily, but at least she does sound a bit more human now, though my sympathy for her doesn't go far. I loved Tina, she is such a suportive friend. Oh and Grandemere was a total blast!!! :D

The story just keeps getting better. I'm more than halfway through the aeries in its entirety and loving every minute of it. I'm definitely going back to all my reviews to edit once I'm finished, but for now, I really want to see what happens next.
