I should start by saying that I am 28 years old and I bought this book for myself. I bought and read *Wonder Woman* at Super Hero High because *Wonder Woman* is one of my favorite characters. I really enjoyed that book so I decided to purchase *Supergirl* as well. *Supergirl* at Super Hero High is even better than *Wonder Woman* at Super Hero High. *Supergirl* ends up on Earth after Krypton is destroyed and she begins attending Super Hero High. The problem? *Supergirl* is NOT a good student. She befriends Barbara Gordon, the IT girl who wishes she could attend Super Hero High too. The friendship between *Supergirl* and Barbara is very interesting and each struggles with relatable issues. There is a mystery to solve, however, if you've seen the first DC Superhero Girls TV special, then you already know how this one will end. I still would highly recommend this book for any young superhero fan (or older superhero fans like me who prefer something light hearted) because the message is so positive and relatable. I look forward to future books in the series and hope there will be ones focused on some of the lesser known DC Superhero Girls.

My 8 year old daughter's current favorite book. She can't stop talking about Super Hero High and acting out imaginary scenes.

Love everything from this line! We are about 3/4 of the way through this book and although it's the same story as a movie they released, it still keeps my daughter's attention because there's so much more detail to the original story.

My 10 year old daughter just loves DC Comic Superhero Girls and she loves to read, These chapter books are right up her alley. Have the one for Katana
