North American Indian Beadwork Patterns

Synopsis

In these pages you'll find 73 charts for bead weaving and 12 full-page patterns for bead appliqué—all taken from authentic craftwork of the Cheyenne, Sioux, Crow, Sauk & Fox, Winnebago, Kickapoo, Cree, Arapaho, and other Native American groups. Complete instructions are provided along with color keys for every chart and pattern. Use the charts to weave belts, headbands, sashes, necklaces, and other eye-catching accessories. You'll find the appliqué patterns are perfect for decorating leather, denim, and other fabrics. It's a great way to embellish handbags, vests, blouses, and other apparel and personal items. By following the clear step-by-step instructions in this book, even beginners can create a host of attractive beadwork projects with authentic Native American flavor.

By following the clear step-by-step instructions in this book, even beginners can create a host of attractive beadwork projects with

authentic Native American flavor.

I bought this for my niece. It's hard to follow for children (she's 10), but would be great for older kids or adults. Great explanations & patterns!

Fast secure shipping. I'm using this for beading ideas for clothing for the American Girl Kaya. My only complaint was none of the pictures, except on the front and back cover, were in color. Great reference book.

I do not do beadwork but I am a gourd artist. I got this book last month to get ideas for patterns on my gourds. I really like the book because the author has also given the name of what Nation/Tribe the bead patterns came from. The patterns are large enough to see details. For those who do beadwork she has also included complete instructions and color keys. I will also be using some of these patterns for closed coiling designs on top of some of my gourds.

Great book, vibrant colors and multiple patterns! Fast to ship also!

I would like to say first that I was amazed at the shape of the book since it was "used". It was immaculate and looked like new. I will certainly use this provider again. The book itself has excellent photos and instruction charts with extensive instructions. I particularly enjoyed the identification of the particular tribes the designs came from. My husband and I have a handmade jewelry business and I specialize in Indian and Celtic designs along with some particular Victorian designs and it is always a special find to see designs with the tribal information. I feel it is important to give my customers information regarding the designs they find most appealing. This book is full of ideas and creation helps that lead to a quality piece of work. I certainly will make the most use of it possible!

love it

I haven't had a chance to put it to use yet but the little boy that is going to use it has many patterns picked out. thank You

There are instructions on making your own looms and advice on what to look for if you choose to purchase a loom. Lots of clear and concise instructions on weaving the patterns or sewing the

pattern directly on the article to be enhanced. Ideas on what to do with your finished product. This is not for beginners.
