My grandson is 7 and in second grade. He is a ROBLOX fan. He loved this book and didn't want to put it down. Book was finished in one day

I love to read all the books with mysteries. This book is very special for me because it is completely full of suspense, thrill, imagination, mystery, twists, murder, secrets and fun. This book not only gives fun to read it also gives intelligence and problem-solving skills. Turning every page, a new twist and mysteries are found which finally leads to the conclusion part which is completely unexpected and amazing. From beginning to ending this book is awesome. Perfect for those who loves mysteries.

great book to read with your kids. Loved the story. I must appreciate author for adding elements of suspense, mystery and humor which made reading so much fun

This 50+ page book turned my kid into a wimpy books fan. I was reading through the book and found it very creative and well suited for 8-13-year-old kids. It's a great book to introduce the habit of reading in your kids. I am looking forward to the next edition.

The author's creativity on this book is commendable. He has incorporated thrill and humor, mystery and fun; both at the same time. Ideal for would-be teens especially those kids who love reading suspense stories. The climax is completely unexpected making the book all the more popular!
