Customer Reviews

My 8 & 10 yo love this book. They are into the clothes they wear in the movie and like reading Evie's thoughts. They love Mal's spellbooks also, but we're excited to see Evie get a version. Bought again on their recommendation for my 11 yo niece. Nice, large, hardcover book - good quality.

I am not a huge fan of the Descendants, but hey, I'm an old gal. :-) On the other hand, my 9-year old niece loves the Descendants and LOVES Evie's Fashion Book. She spends hours going over it, she sketches Evie's design into her own sketchbook. Somehow, the book manages to unleash creative streaks. She even takes the book and a flashlight to bed with her...."....in case I want to get up in the night and read....". :-)

It came earlier then expected. It's a nice hardcover book. any descendants fan will love this if they love fashion. It shows outfits from the descendants 2 movie.

My daughter loved this book. Very colorful and fun to look through.

Awesome book. Full of info.

My daughter loves it!

My daughter won't put it down. She loves this book.

I bought this book for my fashionista 7 year old who adores Evie and her sense of fashion. I was expecting to be an exact replica of the book Evie gave Dizzy in the movie. I would have liked for the fabric samples to be actual fabric and not just part of the book pages and other cut outs that Evie had in the book. I think it wouldve gave the book a more real feel of it being an actual Evie's fashion book. It isn't a bad book but it could have been a whole lot better! My daughter hasnt seen it yet as it is a birthday gift but I am pretty sure she will glance at this and then put it on her bookshelf without a second thought.
