The Last Kids On Earth And The Zombie Parade

Synopsis

A very funny post-apocalyptic graphic novel, now a New York Times bestseller!"Terrifyingly fun! Delivers big thrills and even bigger laughs."--Jeff Kinney, author of the #1 *New York Times* bestseller *Diary of a Wimpy Kid* The zombies are disappearing. This might seem like a good thing, since zombies eat your brains, but normal human kid Jack Sullivan is suspicious. He keeps hearing an eerie shrieking noise that seems to be almost summoning the zombies—but to where, and for what (probably) foul purpose? Jack, his three best friends (maybe the only people left on Earth), and their pet monster Rover need to get to the bottom of this. Along the way they encounter a lot more than they bargained for, including a giant Wormungulous, a pizza parlor monster hangout, an ancient evil who destroys worlds, and a stereo system that is totally the bomb. Can Jack figure out why the zombies are vanishing . . . before he and his friends are next?

Grade Level: 3 - 7

Customer Reviews

Readers met 13-year-old abandoned foster kid-turned-monster slayer Jack Sullivan and his adolescent makeshift army in *The Last Kids on Earth*. In this excellent sequel, the zombies are mysteriously disappearing. As the zombies walk in droves toward a shrieking sound,

their brains are being sucked out of their skulls. While no fan of the undead, Jack and his squad set out to solve the mystery. New alliances are formed and trusts are broken, culminating in an all-out monster brawl to save their world. The continuation of this hybrid series capitalizes on gross-out fun. The realistic writing style keeps the narrative moving at a fast pace, while the frenzied pencil artwork supports its humorous tone. But what distinguishes this adventure is the character development. The members work through their fears of loss, abandonment, and loneliness to unite as a family. The language is sophisticated, geared toward readers who enjoy rousing adventures. The open ended conclusion allows for the possibility of more exciting exploits. A gallery highlighting various nefarious creatures is an added treat. VERDICT For fans of the first book, this sequel does not disappoint. This series is a must-have for middle grade collections. —Sada Mozer, Los Angeles Public Library

A New York Times bestseller "This series is a must-have for middle grade collections."--School Library Journal "The likable cast, lots of adventure, and gooey, oozy monster slime galore keep the pages turning."--Booklist "Jack's witty narration and Holgate's pitch-perfect illustrations make for a terrific read that's particularly well suited for middle-grade boys who might otherwise be reluctant to pick up a book. . . . An apocalyptic adventure with a whole lot of heart."--Kirkus Reviews Acclaim for The Last Kids on Earth: "Terrifyingly fun! Max Brallier's *The Last Kids on Earth* delivers big thrills and even bigger laughs."--Jeff Kinney, author of the #1 New York Times bestseller *Diary of a Wimpy Kid* "Middle-grade readers, particularly boys, will find Jack's pitch-perfect mix of humor, bravado, and self-professed geekiness impossible to resist. . . . The marriage of text and illustration serves as a perfect example of what an illustrated novel can and should be."--Kirkus Reviews, *starred review* "Terrifically funny. . . . A Snarky end-of-the-world fun."--Publishers Weekly, *starred review* "This book provides loads of laughs. . . . A gross-out good time with surprisingly nuanced character development."--School Library Journal, *starred review*

Received the book yesterday. My son ran to the mailbox to get it. We read two chapters last night and he was loving it. I had to literally pull the book out of his hand and tell him to go to bed! I never thought I'd have to rip a book out of my sons hands - so THANK YOU for writing a great story. We also read the first book, Last Kids on Earth, twice!

This was purchased for my grandson who loved the first book and asked him if I would get him this

one. He was so excited the other day when it came. He's 10, in the 4th grade, and apparently quite a few of the kids in his class enjoy this author also, so it appears to be a good book for this age group.

My son was so excited to see this book for his birthday present. He absolutely loves this author and the series is great for 10 year old boys for sure. I'm going to read it next though.....

Another excellent engaging book for my young reader. We've been working hard to get him to read something other than Legos, DC & Marvel comics. This series did the trick! When the book arrived he was jumping with excitement telling me about all of the characters and their adventure from the first book. You know it's a good read when you child decides to read instead of playing video games! We are awaiting the next book, my son suggested that the characters find a new kid and help that new kid save someone in his family. Needless to say, my son highly recommends this book to kids his age. Happy reading!

This series just keeps getting better. While the first book was a little funnier this one was more interesting and the characters are being developed very nicely. I also like the way the monsters aren't all bad. I am excited to get my elementary students going on this series.

So I bought my son the 1st book. He liked it. So I bought him this. He could not stop reading it. The day it arrived he reached more than half the book already. This is a good read for kids who enjoy zombie movies, shows and etc. It's about kids trying to survive the zombie apocalypse. Basically walking dead kid version.

Although I have not read it myself, after reading reviews of the book I ordered a copy for my son (8 years old). He absolutely loves it - he reads it before he goes to sleep and he wakes up each morning to tell me about the chapters he read the night before. It's great to see my son reading, he's still forming his habit, and this book has done wonders.

I bought the first one as my son said one day that he wanted to write a book and call it "The Last Kids On Earth". I thought it was funny that I came across Max Brallier's book shortly afterwards. While he is bummed that the book name is already taken, he absolutely loved the first book! He is currently reading this book (the second one) and loving it just as much. We can not wait for the third

book to be released.
