Professional Responsibility (University Casebook Series)

Synopsis

Continuing the tradition that has made it a leader in its field, this casebook uses problems to provide an overview of lawyers' professional responsibility. One of the most rapidly changing fields in American law, professional responsibility sees new issues, rules and cases each year, all of which are covered in this book. The authors have carefully designed this Twelfth Edition to be familiar to long time users, and accessible to new ones. It continues its tradition of offering the most usable and up-to-date course materials to teach legal ethics and the law governing the practice of law. Since the last edition, published in 2011, the law has changed considerably. There have been: substantial changes in the ABA Rules of Professional Conduct adopted from the proposals of the ABA Ethics 20/20 Commission. Such changes include modifications to the confidentiality rules, the rules governing outsourcing, the choice of law regarding which professional responsibility rule to use, and provisions addressing contact with prospective clients. a complete update reflecting the significant changes in the legal profession that have affected law firms, lawyers, and law students. a substantial revision of the material dealing with advertising and solicitation. new court decisions and ethics opinions – in particular, dealing with conflicts of interest, imputed disqualifications, and ethics related to the internet, chat rooms, electronic discovery, etc.

Customer Reviews

Worthless textbook. Absolutely worthless. To charge the price they do for this book should be a crime. Unfortunately, you likely are buying this for class, but let me reiterate that this book offers no

guidance for the MPRE, and you would be better off snagging a free study guide off the internet. Advise your professors to avoid this book in your, "end of the year" reports, to hope others don't have to blow money for no reason other than to put it in the publishers wallet.

Good book to use to teach a professional responsibility law school class. I took a class with this book and found it very useful and a good fit for the class. I was able to pass the MPRE on my first try after taking this class that used this book. I only leave 4 and 5 star reviews for products that I would purchase again and recommend to friends and family.

It was a textbook for class. I really was not a fan of the book. It has a problem and explanation layout that was a little irritating to read. I didn't feel like I was learning PR. Wish me luck on the MPRE.

Wonderful, spectacular book.

This book has a lot of questions but no answers. I would be nice if they included some general response to the answers!

can't put it down.

Very informative.

Looks good as new.
