# Who Was Walt Disney?

## **Synopsis**

Walt Disney always loved to entertain people. Often it got him into trouble. Once he painted pictures with tar on the side of his family's white house. His family was poor, and the happiest time of his childhood was spent living on a farm in Missouri. His affection for small-town life is reflected in Disneyland Main Streets around the world. With black-and-white illustrations throughout, this biography reveals the man behind the magic. This book is not authorized, licensed or endorsed by the Walt Disney Company or any affiliate.

Whitney Stewart lives in New Orleans, Louisiana. Nancy Harrison lives in Allentown, Pennsylvania.

We gave this book as a gift and it was a big hit! She said she lived the book! I think we will be buying more of these to give as gifts. We really like giving educational gifts and this was a big hit. It is an easy read and very informative. I would recommend this book. It is a great read for any age. I am going to check out other books from this author because I really thought it is very well written. This book had so many wonderful facts that our young I've wasn't aware if before she read the book. Now she can tell us all about Walt Disney. Maybe we should plan a trip to Disney World soon!

I love Disney and these facts are true and a fun read. This book is a keeper. I think keeping this book in our home library is a must. I feel all of the kids will enjoy this one. Boys and girls a like will get so much out of this book. The kids all know a Disney movie so I am glad they got a chance to know the man who made the movies happen through this book. It is one that is hard to put down.

Bought for a niece. She loved that the book was very educational as well as fun to read.

Well written book. Purchased for my 10 year old to write a report. Kept him interested.

This is a great children's book, I read it with one of my students I tutor. We both thoroughly enjoyed learning all about Disney and about how creative he was. Even though he had already opened Disneyland in California and created the plans and preparation for the opening of Disney World in Orlando, we were saddened to learn that he died with lung cancer before the opening of Disneyworld.

Excellent easy to read biography book for a 8 year old.

This was a gift for my 15 year old nephew, who absolutely loves to read. It may seem a little elementary but it's a great introduction to the biographies of those we know so much about, yet so little.

Great book! Great series! Great price!

Good book to read to kids before a journey to one of the theme parks.
