# Watch Out! On The Road (Watch Out! Books)

## Synopsis

Children learn to observe safety rules when riding their bikes, or while traveling as a passenger in their parents' car. They will also find important pedestrian advice on safe crossing at intersections and staying close to parents or the adult they are walking with. Clearly written in brief passages that are easy for younger children to absorb and understand, the Watch Out! series of color-illustrated books give kids safety advice that applies inside and outside the home, while they are traveling in a car, and when they are enjoying nature and having outdoor fun. The lessons illustrated in all Watch Out! books help children identify safety issues and avoid potentially dangerous situations. Appealing cartoon-style illustrations on every page.

## Customer Reviews

(back cover) Roads are busy, dangerous places but we can all learn to use them safely. Young children need to understand the different ways to keep safe when on and near the road • whether riding a bike, boarding a bus, or riding in the car. With humorous artwork and simple text, this book also contains notes for teachers and parents to help them use the book most effectively.

Mike Gordon illustrates the Robin Hill School series and has an extensive and varied background in

illustration and design. He lives with his family in Santa Barbara, California.

Our boy is 2.5, and this book is really great! It was a fantastic support to teach him safety in the streets. He loves to read it. I strongly recommend it. We don't read exactly all the sentences, we adapt what we tell him to his level of understanding. Illustrations are very explicit and well drawn!

I bought this book to teach roadway safety to kindergarteners. I don't really know if there IS a fun way to teach safety. However, this book does a good job telling kids how to be careful around roads and why it's not safe to run out into traffic, how to cross at crosswalks, etc. Pictures are age level appropriate, so I would recommend it.

Good book for explaining traffic safety to little ones. It's a cute story, and my 3 year old grandson loved it.

These "WATCH OUT" books are wonderful teaching books for children. My girls are 7 and 11 years old. Illustrations shows both positive and negative points on the subject. I highly recommend them as gifts for anyone you care about.
