Great recipes and have made quite a few of them. All turned out wonderful. Thank you

This guide is absolutely amazing. I know the power of the pressure cooker in making food quick and easy. However, I have always assumed that the flavor is just mushy and tasteless. Well, that is what I felt until I tried the amazing recipes in this book. I love the fact that this book has pictures of the different recipes. Even the kids love the recipes from this book. They want to help prepare the meals because they are so easy. It has become a new family favorite activity around the pressure cooking making food together. This was an amazing book on multiple levels!
