Seer Of Lost Sands (Half-Elf Chronicles Book 2)

Synopsis

An undying sorcerer may provide half-elven warrior Kealin's last chance to find his sister. Five frustrating years along the forbidding northern coast have yielded only rumors of a powerful seer dwelling far to the south. To reach the enigmatic entity, Kealin must trace a path of blood down an entire region. Dogged by a dark curse on his own soul, he must run the gauntlet of the Grand Protectorate and their anti-elven zealotry. Kealin's only aid comes from a duo of fugitive treasure hunters of uncertain loyalties. Darkness is gathering. Will the return of an ancient sleeping evil prevent him from saving the last of his family? When blood fills the mountains, Demons will awake.

Customer Reviews

I liked the first book in the series and thought it was well done. But this second one is even better! The development of the main character is awesome to see in this books. He meets a lot of deep characters along the way and they make the story come alive even more. The end is crazy awesome with some jaw dropping revelations and events. I HIGHLY recommend this and cannot wait to read the next one!

The second book of this series takes off into a more classic feeling fantasy adventure. Mostly a single point view with a couple of views from a new character. This is a huge improvement from the first book as I was able to keep characters in order. The story itself has you hooked as misfortune continues to pile on and the main character get further pulled into the bigger picture.

Really enjoyed another Half-Elf journey!Keep them coming J.T., can't wait to see the trouble he Seer gets into!

Great book. I highly recommend this book, as well as part one. About to read the third one. Please see the full review on my blog.[...]

Great job couldn't stop reading keeps you wondering what is going to happen next.I'll be waiting for the next book.Keep up the great work.

good fast reading book i njoyed it alot cant wait for the next book

Enjoyed book 2

The storyline is very interesting and has a lot of potential, but unfortunately it's not quite developed to it's full potential. The writing is so simplistic and there is not a lot of buildup to events that could be really exciting. I feel like this author has put every single idea he ever had into these first two books. I would rate the story higher, but unfortunately I was so distracted with the level of writing that I was more annoyed than anything while reading it. This series feels like an opportunity lost.
