I have always found myself creating artwork for others to enjoy since the age of 3. I have also always had a passion for the beauty of the horse. If you love horses, I know you appreciate their beauty, strength and structure. The next best thing is equine art. Now you can be the artist yourself and collaborate with my equine line art and let your creativity loose with my horse adult coloring books. See why tens of thousands have fallen in love with all 3 volumes of my horse books and many more to come.

Cindy Elsharouni is an illustrator and fine artist. She has a passion for horses and all animals in general. She has always had a passion to bring people into her world of creativity, creating new

worlds with her artwork. Now you can participate in creating your own artwork that you can be proud of all while creating something you love. You can visit her site selahworks.com.

I wanted horses, I got horses. I do believe that this book is more for coloring pencils than gel pens as there are many huge horses and large spaces to fill. One can always do both as I did in the second picture. However, there are some where the horses are filled with designs that could be drawn with gel pens more easily. I knocked out a star because of those designs. I know there is just so many you can draw on a horse, but it feels like it's always the same ones from a horse to the other, or outside in the surroundings. Overall, this book is perfect for horse lovers. (My favorite ones are the Pegasus. I'm so afraid to mess them up that I haven't touched them yet, but they look awesome!)

I didn't particularly like though, so I haven't colored anything. I found the illustrations lacking personality. A few of the drawing are quite nice but the majority seem generic drawings to sell coloring books. The paper is not good, so be aware that you will not be able to use markers; or, you could make copies on cardstock paper.

I ordered this book for my daughter in law, she loves horses and I'm glad we chose this book, it's well worth the price very thick book, good art work, thick lines, good quality paper, and the drawings are one sided so if u use markers always put a few scrap papers behind the page u'r coloring but if it does come threw a little it won't mess up any of the pages! Very nice, very satisfied!!

Very satisfied with this product. Ordered them for my older sister (which lives 10 hours away). They were delivered to her doorstep in great condition, great price and service.

These were beautifully well done. The paper quality was just right and easy to work with. You would love this enchanted book. A must have!

The illustrations in this are beautiful with very realistic horses.

Cindy Elsharouni never fails to design interesting horses to color.

Gift for my mom and I had to order her 2 more of them
