Best Sellers Rank: #1,327,397 in Books (See Top 100 in Books) #67 in Books > Teens > Hobbies & Games > Cooking

## **Customer Reviews**

great

Yes, it is a very good book for children and maybe even for my son who is now out on his own.

Thank you. Sandra Herbert

Great book just what I was looking for

This little cookbook is a gem. Easy to read, with interesting and tasty recipes. I bought it for my 4 year old, but it would be best for an older child experimenting on his/her own or with some patient hovering. Can't wait until my little one reads so she can "act like a grown-up and cook".

It's one of my favorite cookbooks to use with children. I just wish that it currently was still be published as I'd like to buy copies for friends, family and colleagues.

This is a great book for teaching individual portion cooking and I have used it from preschool all the way through elementary grades as so few kids get to handle and mix foods at home. BUT, the price is WAY out of control. A 400% markup from the publisher price seems a bit over the top.

This is a wonderful cookbook that I am using to lead a weekly kindergarten cooking class. It has easy to understand pictures, so that the kids can "read" the recipes. The recipes are from around the world with at least 100 recipes. A detailed table of contents makes recipes easy to find.
