Moshi Moshi Musubi: Say HELLO-HELLO To The SPAM Sandwich - Mainland Twists To The Hawaiian Island Favorite

Synopsis

Sushi has become one of the most popular foods in America and around the globe. But there is another, not so widely known version, sometimes called "the poor man's sushi," that hails from Hawaii. It's called Musubi, and made with SPAM. Yes, SPAM. This book is a collection of ideas and recipes that hope to raise the popularity of Musubi on the Mainland by introducing the basic elements that go into making Musubi and then by switching up the ingredients on the classic recipes, which I like to call my Mainland Musubi Madness, to create a unique assortment of ingredients that put a new twist on this island favorite. How about a Taco Musubi, a BLT, or a Mac & Cheese Musubi, or even a PB&J Musubi? These might sound crazy, but if you read this book hopefully you will become a believer and be encouraged to try these recipes and then go on to create your own combinations of fillings to make Musubi Madness for yourself, your family and friends. Making Musubi is a fun and tasty alternative to the familiar sandwiches, appetizers and snack foods we all know and love. Take a look inside and become inspired. Then open your mouth and say "aahhh" to a delicious snack sensation.
