Being a victim of diabetic I could not take the foods which I like most. As a result I felt worried and helpless. But this book has removed my helplessness. The recipes described in the book are very tasty and not difficult to make. I would like to recommend this book to all diabetic patients who

cannot take the regular foods.

This book contains a really great chocolate recipes! It is intended for diabetics, but these smoothies are good also for those who are not diabetic. Recipes are easy to follow, and with each of these recipes stand mouthwatering photos. Sincere recommended!

Great book. The fixings all appear to be things my nearby stores convey and aren't too expensive either. The Author more likely than not had a great time thinking of such a variety of one of a kind things to mix together. The pictures are splendid and energizing, they make the smoothies appear as though they will taste stunning. This is an extraordinary cookbook in which included more than 365 chocolate smoothie formulas which are unimaginably wonderful.
