This is hands down the best pocket size coloring book! I actually bought 3 of them so that I can give them as gifts. The designs are fun and easy to color. People of any age would love this book and be entertained for hours. My husband even colored in the book. That's definitely saying something lol. Get one for yourself and a few to give to loved ones!

This book is a must have travel coloring book. The pages are so versatile and is sure to satisfy your coloring desires. This book has one of the widest variety from super simple to relatively complex coloring pages. It is small enough to fit in your purse or throw in your car door so you can always have it with you when in the pick up line for your kids at school or for the waiting room at doctor's appointments. The paper is good quality, however, if using markers I always recommend using a blotter sheet so you don't bleed your colors onto the next page. This book almost gives you instant gratification because most of the pages in this book are very easy to finish in a short amount of time.

unlike the super complex ones that take weeks to finish. I recommend this book for everyone and it would make a great stocking stuffer!!

I love my friend Cristin, not because she is paying me in Gel pens!! No, I'm just kidding. Ms Cristin is the Bee's Knees. Her work is phenomenal. Great job Ms Cristin!

The absolute BEST travel-size coloring book I've ever owned! The images are easy/simple so you can quickly color one while waiting at the doctor's office or at the airport. She even includes a spot to put your name and medium used so you can proudly show off your colored pages! Cristin Frey's first coloring book without words is definitely a hit! Perfect for stuffing in Christmas stockings too, along with a price that can't be beat! Highly recommended for coloring enthusiasts of any level of expertise, and even for those who just want something to kill the time during long commutes.

Great patterns for a small coloring book. Fun to color too!

Love this so much I bought two copies! It is the perfect size to take with you and the pages are actually sized correctly so you can color the whole design.

Abstract, easy designs . Love the smaller size

I give this book a five star rating because it's a fantastic book! I'm a huge fan of Cristin's work, she's an amazing artist! Love her style in drawing and sayings. This book is great for traveling or waiting in a doctor's office. I HIGHLY recommend this to all my coloring friends!
