An Animator's Gallery: Eric Goldberg Draws The Disney Characters (Disney Editions Deluxe)

Synopsis

This whimsical, deluxe Art Deco-themed art book showcases Walt Disney characters in a style reminiscent of caricatures from the famed walls of Sardi's and The Brown Derby. Disney Supervising Animator and Director Eric Goldberg drew a little more than 200 stylized images in a collection that first debuted as a display within the Roy E. Disney Animation Building in Burbank, California. Now with An Animator's Gallery, the show comes right to you. Fans of all ages, and from all over, can enjoy Eric's playful portraits, starting with Oswald the Lucky Rabbit and Mickey Mouse through characters from Frozen and Big Hero 6. Bonus sections will even feature some of the most beloved characters from Pixar.

Book Information

Series: Disney Editions Deluxe

Hardcover: 192 pages

Publisher: Disney Editions (September 8, 2015)

Great gift for Disney Fan

great book

The book is a wonderful celebration of the creations of the artists of the Walt Disney Company done by an artist who is... at one time... an historian who understands the characters, a draftsman who can pose the characters in iconic fashion, and a story man who has created some of the most fascinating characters in the Disney universe. The author of the book is also a Disney artist who has helped Disney with its celebrations and made these wonderful drawings accessible to Disney fans.

It's a very nice book, BUT it was wrapped in plastic wrap, so it didn't seem new. Also, there was a sticker on one of the pages. The sticker came off, but there is now a sticky residue on the page which means dust is sticking to the residue.

David Bossert continues a line of superbly done publications on animation and Disney. Eric Goldberg is a legend who Ive had the honor to meet on several occasions. This is definitely a book you should have in your collection.
