I have yet to find another Bible that is more interactive, fun, and beautiful. This bible came in a hard cover in beautiful tiffany blue. The outside pages make a floral pattern. Each page either has wide margins or something to color. The artwork is easy to color and is absolutely gorgeous. This comes with an elastic band to secure the Bible together and a silk ribbon too thay serves as a bookmark. I wish that there were different versions of this bible. I would love to see a nrsv. I'm this style. I hope

this review has been helpful to you!

Ordered my Bible and when I received it, was far more than I expected to it be! The pages are absolutely beautiful! Many many pages to color... And what a wonderful way to spend time reading God's word.. I was looking for something to keep myself occupied after my foot surgery... And this was the perfect thing. I am able to worship, do Bible study and get some of my creativity in too... I love my creative Bible.

I purchased this for a gift for my daughter who is 20. She just loves this Bible. One of her favorites. It helps to focus on a certain verse with the detailed artwork off to the side of the page that you get to color in with colored pencils. I also purchased one for another gift for Christmas. Do yourself a favor and get one of these Journal Bibles, you're going to love it.

Beautiful book. This was a present for my mother in law and she LOVED it! She posted it all over Facebook lol She loves to color and she loves God, perfect combination for this book!

It has a nice hard and beautiful cover, and I like the design on the edges of the pages that you can see when the bible is closed. It has some very basic coloring images inside, I have no complaint towards those. But the pages are very thin. You can see the next page through the one on top. I ordered gel pens to color in it, but I think they might end up bleeding through the pages (they have not arrived yet), so I have been using my 7 yr old's Crayola color pencils in it so far... I do wish the pages were a little thicker

i love this bible i am so going to get 2 more for christmas gifts

I love the Bible. I love that I can take notes, draw, and color in it. I was a little disappointed that the back page was a little torn. It is a minor imperfection. This is the book that I try to live by, and being able to really personalize it with my thoughts, notes, and beliefs is important to me. I plan to purchase and personalize one for each of my six children, so when they are on their own they can always find little love letters just for them from their Mom.

I LOVE this beautiful KJV bible! It's very pretty and the faux leather cover is beautiful and soft. I love that it has a band that goes around the cover to keep it closed. I like the margins on all the pages

where I can make notes if I want. Very beautiful to look at while reading even if you don't color in it. I just ordered my mother the tan one as a gift.
