Customer Reviews

I've only used this for D major and the lower octave of G major but using it s a warm up ha really improved my playing. It's my first scale book and I've been playing for 2 months

Learning violin on a casual basis. This is a good place to start to be consistent.

Very helpful book, great for solid scale practicing and to work on intonation.

Love it and recommend it to beginning Violin students of all ages, and to teachers for use with their students. :) Exercises are very simple, and students start learning double stops early in their studies, which is a plus, in my opinion.

Good

no problems

My grandson is learning the violin and this book is the easiest to teach from and to learn from. He thinks he is going to be a famous violinist...well didn't we all?

this is a perfect book for my students. it goes over all the scales and other stuff to help my students play better.
