The Dog Lover's Companion To The Pacific Northwest: The Inside Scoop On Where To Take Your Dog (Dog Lover's Companion Guides)

Synopsis

The Dog Lover's Companion to the Pacific Northwest has the inside scoop on the best dog runs, parks, beaches, hiking trails, camping areas, pet-friendly businesses, and much more. Local author Val Mallinson and her two miniature dachshunds, Cooper and Isis, have dug up many surprising resources available to dogs in the Northwest, from hound-hospitable lodging in scenic maritime towns to wine bars where you and your dog can hang out while you drink merlot! Packed with helpful maps, up-to-date leash laws, and a useful "paw" ranking system for all locations in the book, The Dog Lover's Companion to the Pacific Northwest is a pet's best friend.

Customer Reviews

Restaurants in my town are out of date so I'm assuming there are a lot of them. It's a fun idea for a book but after I gave it as a gift I realized it was dumb to give something outdated. I was embarrassed and wish I would have done better research before giving it.

Pretty decent book. I saw this book at REI for like 20.00 bucks and almost pulled the trigger. Figured I would check first. Good thing I did. The book is really good though. Its a nice book to throw in the car when your traveling so you know where you can take your pups.

This is a great little reference guide for finding things to do with your dog. I've only been to a few places so far but this book will certainly come with me everywhere I go with my dog in the

northwest.Great find.

Love the book - need an update

I needed this book and I need to explore all that is available to explore featured in it! Whoo hoo!
can't wait to get started!

very good

The book came quickly and in excellent condition. About the writer: I was disappointed that more accommodations in the PNW don't welcome dogs...not the fault of the author but I expected the names of places to stay not just visit with my dog.

this book will be very helpful on my journeys with my dogs by my side. So glad for this book
