Customer Reviews

This is a great book on Vietnamese Cookbook. All of the things, tips and recipes that I need to know about how to make Vietnamese Beef pho, Marinated White Fish are already included and well written inside. Kim Nguyen has done an incredible awesome job in compiling and creating this Vietnamese Cookbook. The book is worthy of attention! I highly recommend this book to all.

This is a great reference book to have for a rich assortment of Vietnamese food. I have found it with

Andrea's book and it is my 'bible' for Vietnamese recipes. I still highly recommend this book as there is not another quite like it available in the west. I appreciated the guidance on what fish sauce to buy.

This cookbook is great for those who have a small amount of cooking knowledge and technique, but are looking to branch out into Vietnamese cuisine. The author does a great job of making the recipes simple and easy to follow, so you never feel overwhelmed. I highly recommend this book to anyone interested in Vietnamese cooking.

A very well written recipe book with good cooking tips. Great Vietnamese cooking book!

Great cookbook for those of us too familiar with Vietnamese cooking (though we all know we love to eat). Lots of personal information makes this cookbook feel like a couple of old friends sitting down to tea and cooking together. Two things stand out for me in this book; first, she has a great selection from easy to more involved recipes so you can use this as a weeknight cookbook as well as a special occasion cookbook. Secondly, there is a wonderful section in the front which has drawings of the different Vietnamese. I have been frustrated on so many occasions shopping in Asian markets and not knowing how to use them, this is the first time I have seen them explained in English. So, thank Kim Nguyen.

Vietnamese cuisine. I love her personal comments and insights. If one could accurately describe Linh's book in one word, it would be. After all, isn't this what we are looking for whenever we purchase a cookbook. This book is a beautiful testament to the cleaner, less-sweet flavors of the North and a useful addition to any cook trying out Vietnamese cooking for the first time.

Great book. I like this book. Targeting Pho, this book presents these wonderful dishes, aka soups, to be prepared at home. Preparation is accurately described and shows each step. Readers will enjoy the creation of this traditional one dish meal. I highly recommend this book.

The Recipes in this book are very delicious and healthy with being interesting at the same time...I never expected Vietnamese food to taste this good
