The Kingdom Of Fantasy (Geronimo Stilton)

Synopsis

Join Geronimo for his biggest, most fabumouse adventure yet! Dragons, mermaids, and much, much more await readers in this very special edition! I knew from the start that it was no ordinary day, but I certainly didn't expect to find a golden staircase in my attic. Up at the top, there was a door. And beyond the door was a world I never could have imagined -- the Kingdom of Fantasy! Along with my guide, a frog named Scribblehopper, I set off on an incredible adventure to save the Queen of the Fairies. But along the way, I had to face giant scorpions, witches, sea serpents, pixies, and dozens of other creatures that I had only ever heard stories about. Holey cheese, what a journey! Could I save the Queen . . . and my own tail?

My Grandson loves these books. As long as he enjoys reading them, I will continue buying them! I honestly never saw him get so excited when I gave him this book, even at Christmas or Birthdays!

For a 7 year old boy to get excited over a book, it must be a pretty special series. I would much rather buy books than toys that are played with for a few minutes and forgotten. He even says he reads these over and over.

Another winner here. My kid is already a fan for this hardcover series and as soon as he discovered this when I opened the box, he jumped and started reading this right away. He finished it up rather quickly and he was so excited about it. In one of the other book from this series, we were making "vampire soup" from the recipe because he love it so much. I wonder what this book brings ... I will see. 5 out of 5 Stars.

My kids are huge Geronimo Stilton fans. They are especially fond of the Kingdom of Fantasy. This latest installation did not disappoint. These books are one of the few that my kids will go back and read over and over.

My daughter loves this book. The illustrations are beautiful and make it more bare able for a 8 year old to star reading a chapter book.

My nine-year-old and I read some of it every night before bed. We laugh at it and ooh and aww at it as well. It is a cute children's fantasy story. We really like it. We may order more of his stories after finishing this one

My 9yo daughter loves this series. The book is great quality and good length for her age. Showed up on time in great condition. We will continue to order more Geronimo Stilton books from !
