Margaret Wise Brown (1910–1952), best known as the author of *Goodnight Moon*, wrote countless children's books inspired by her belief that the very young are fascinated by the simple pleasures of the world around them. Among her many bestselling books are *The Little Island*, *The Golden Egg Book*, *The Color Kittens*, and *The Sailor Dog*. Alice Provensen and her husband, Martin, have illustrated more than 50 fabulous books for children, including *A Visit to William Blake's Inn*, *Our Animal Friends at Maple Hill Farm*, and numerous Little Golden Books including *The Color Kittens* and *Katie the Kitten*. They won the Caldecott Medal for *The Glorious Fight* in 1984. She lives in San Clemente, California. Year at Maple Hill Farm, and numerous Little Golden Books including The Color Kittens and Katie the Kitten. In 1984, they won the Caldecott Medal for The Glorious Fight, which they wrote and illustrated together.

This is a replacement for the one my daughter had in early 80's; it has been updated and is not as well done as the earlier one but still gets the point across.

I didn't have the pleasure as a child personally so I purely went off the reviews. I bought this for a four-year old that I sponsor in Albania. I can translate it for her. I was squealing with delight when I read this through. The only thing more darling than the story are the illustrations. This book is absolutely adorable and completely universal worldwide. I know that my little love button is going to love these little kittens that don't know how to make green. A great way to learn colors and appreciate creative storytelling. A+ !!!

This was my favorite book to read to my children and now I am reading it to my grandchildren. The illustrations are magical and the rhyming is so entertaining and fun to read aloud. It's a great book for both the child AND the person reading it! I hope they will read it to their children~!

30 years later and I still love this book. :) Great memories I'm enjoying passing on to my kids.

Love this book from my childhood. My grandchildren love it too.

We love this sweet tale of two kittens making colors! It's a gentle introduction into mixing colors as well as color names. The illustrations are beautifully done, and I haven't tired of reading it yet!

This was always one of my favorite books as a kid. I love colors and the kitten illustrations are so cute. Any kid would love this book.

I had this book as a child and am so happy I get to share this classic with my own children. My daughter is just as enchanted with it as I was.
