Customer Reviews

A very enlightening bit of information. Well done!

OK, I've been shaving for quite a few years now, and I didn't think I needed anyone to tell me how to do it. Just move the blade across your face, right? Wrong. I was amazed at the difference I felt when I started using the tips in the "secrets" chapter. I've been getting many more kisses from my daughter ever since, what dad could ask for more than that? If you're a guy (or know a guy who shaves) check this book out. There are some dry parts to the book, the story at the beginning didn't do much for me personally, but the tips are really amazing once you try them.
