Selected Intellectual Property And Unfair Competition Statutes, Regulations, And Treaties (Selected Statutes)

Synopsis

Receive complimentary lifetime digital access to the eBook with new print purchase. The 2017 edition of this venerable collection of primary source materials in intellectual property law incorporates all the latest legislation in the field, making it one of the most up-to-date resources for use in both survey and specialized courses on intellectual property. Among other updates, this new edition includes recent amendments to the Federal Trade Commission Act and the full text of the proposed legislation that may change the way in which the Register of Copyrights is appointed. Of course, the volume retains all the basic IP statutes along with numerous useful additional materials such as provisions of the Restatement of Unfair Competition, and the text of numerous international agreements dealing with intellectual property law, including the relatively new Hague Agreement Concerning the International Registration of Industrial Designs and the Beijing Treaty on Audiovisual Performances. With a single investment in this volume students can have a valuable, annotatable resource for use in multiple IP courses and instructors can guide students through actual statutory and regulatory language quickly and efficiently.

The index on the back side of the book is not designed well. It is just like a normal procedural book, with a blackened stripe on the edge of the page in which the section starts, and an arrow on the back cover that defines what is in the pages that have the black stripe in that location. But ALL of the pages within a section should be blackened, here it is only the first page. It is hard to find what they are directing you to. Also, the same index is a little off center. When the back page points to a

certain page, the arrow is about 1/2 inch off, making it utterly confusing. The pages are flimsy and it is hard to hold. I have seen better procedural books.

this is an edited statute book with the relevant copyright, trademark and patent statutes. I use this book daily and it is a great desk reference. It is smart to double check the law, no matter how often you cite it in a day. I annotated my copy during law school with the key cases and have made the book an even better tool for practice.

perfect accommodation for my patent law book- the statutes at my fingertips

Product as described.
