Complete Mandolin Method

Synopsis

With the thoroughness of a book by Mel Bay, this method presents mandolin technique and note-reading in a progressive, step-by-step fashion. Given the diverse applications of this versatile instrument, this method was carefully written to build the musicianship and technique needed to play both classical and contemporary mandolin styles. Music theory concepts and additional playing techniques are introduced as needed. Exercises and tunes are presented in all keys, many in duet format to be played by teacher and student. In notation only. Video download available online.

Customer Reviews

This book is very interesting, clear and easy to follow. Perfect for rank beginner through low intermediate. You can skip ahead if you already have some Mando Skills, but if you truly want a good foundation to build on then start at the beginning of the book with the basics. He uses photos, tab, notation, and some written descriptions to help you find your way. Lots of songs, scales, practice pieces and even some duets. The songs range from classical to old time, folk and bluegrass, and maybe even a couple of jazz tunes. Get this book now !
