Grace From The Fall

Synopsis

Mike Mabe is a young man ready to graduate from high school, but ends up in prison instead. Angry and confused, he wants a better life. Given a sentence of over a year, he must learn how to cope with prison while discovering that better life. With the aid of his family and some unlikely relationships, he begins to find that better life. Based on a true story, Mike fights the daily inward and outward battles to avoid prison becoming a permanent part of his future.

Customer Reviews

Good book about a guy I know who wrote this moving story of hard times and good times in his life. It's a real story that will draw the reader in, riding his ups and downs, feel his bruises and recovery, moaning his mistakes, learning to survive them, and feeling the thrill of recovery and redemption. It's an easy yet engaging read that will ultimately uplift the reader. Kudos to Mike and those who helped him!

This book rates and deserves a solid 5 star rating. I've read many, many books. Those I remember

the most are those that have, through their story and portrayal of the same, evoked enough emotion to envelop the reader, literally allowing them to become more than just a reader. In these cases, the reader becomes the main character. They see, hear, feel, etc., all the main character does. It's as though the reader's own life takes a temporary hiatus while assuming a new role they must pursue because it is so powerful and compelling. Such is the case with "Grace From The Fall." I didn't want to put it down from the very beginning. Having finished it, I am left asking myself introspective questions as it touched my very heart and soul. I was spellbound while reading it. I am made more whole by having read it. Yours can be this same uplifting experience.

Having become acquainted with the author, post storyline, it is hard to visualize this part of his past. Reading a story with such raw honesty and personal growth, though, is refreshing. This is a book full of hope and strength. It also stands as a firsthand testament of the stigma placed on those who have broken the law (whether once, or many times; severe or minor offenses), and the inefficacy of the prison system to rehabilitate, rather than just lock away wayward souls. Thank you Mike for sharing a part of your journey.

A fine read of the challenges on incarceration and the road to redemption. Essentially a book on faith and the opportunities on finding it.

This story is raw, it's real and it will resonate with so many readers. It is a story, I feel, that may need to be told. For those that are fans of storytelling akin to television show, "Arrow", the flashback scenes within this book keeps the story fresh. Grace From The Fall; the story of a rebel, a redemption and a road to rebuilding...I would recommend this book

Grace From The Fall is a gutsy, real life experience of a young man's journey from poor choices and mistakes to finding comfort and redemption. With the help of his parents and those who see his true potential you follow his story as he sorts out his future within the walls of a prison facility. It gives you a view of the life of one who does not want his earlier mistakes to define the rest of his life and his struggle to find his way out. A good read for those looking to see life through a person's eyes who wants to change his direction in life but wasn't quite sure how. There is always hope and there is always a way out. The message of never give up is one we can all relate to.

Grace from the Fall is an earnest and well-written story that skillfully weaves together themes of

rebellion, religion, and ultimately redemption. Perhaps the most shocking aspect of this book is the author's firsthand description of prison life, which should open eyes as to what we as a society really believe we are accomplishing through mass-incarceration of the poor and minorities. Ultimately, however, Grace from the Fall demonstrates that with the support of family, friends, and faith, anyone of us can aright our lives, no matter how far we've fallen. Absolutely a worthy read.

I LOVED this book. It is so honest, real, and heartwrenching. I love the message of this book, and how even when we are at our all time low, we can climb out of the darkness to a better way of life. As a parent, I loved reading how these real parents dealt with a difficult and disappointing situation with their child, yet they never stopped loving, supporting, and believing in their child. It's so inspirational. I read this is one night, I couldn't put It down.
