Black & Decker The Book Of Home How-To: The Complete Photo Guide To Home Repair & Improvement

Synopsis

All the do-it-yourself information you need for your home repairs: easy to search through, even easier to use. The editors at Cool Springs Press know a thing or two about DIY home improvement and maintenance; we've been writing about it for the past quarter-century, and we have more than a few bestsellers under our tool belts. Until now, there's been one thing missing: an ultimate, fully-loaded, ridiculously overpacked reference book for every home project you can dream of; the compilation of our longstanding expertise; the home how-to book to crush all others. The good news doesn't stop there; BLACK+DECKER The Book of Home How-To is designed to reflect the way we search for information today. You won't find chapters or long, boring introductions or even a table of contents. This book is an A-to-Z encyclopedia with precise how-to instructions and clear photos packed onto every page. With an expanded index that is incredibly intuitive and a simple, alphabetical strategy for organizing the information, you won't spend precious time wading through stuff you don't need to know. Finding first-rate information on home care has never been easier, and all the most common tasks around your home are covered--including electrical, plumbing, flooring, walls, windows and doors, cabinetry, insulating, heating and cooling, roofing and siding, and just about any repair or remodeling project you can imagine.

Best Sellers Rank: #78,390 in Books (See Top 100 in Books) #36 in Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Home Repair

Customer Reviews

"Owning a house inevitably means repairs. While there are lots of books addressing various aspects of home improvements and fixes, a general manual covering everything from top to bottom is

favorable. This is an encyclopedia of home repairs, pulling much of its material from two previous books in the "Black & Decker" series?"Black & Decker The Complete Photo Guide to Home Repair and Black & Decker The Complete Photo Guide to Home Improvement. The pictures are large, thankfully, and the instruction is clear, making repairs and improvements quite doable. The book's arrangement is alphabetical by project title. Unfortunately, that order is not always intuitive. While there is a detailed index and keyword list, it is more difficult to browse through and find related projects. Still, the work makes a solid companion to Creative Homeowner's Ultimate Guide, which has a broader range of fixes and improvements but not as much detailed instruction. VERDICT For libraries that lack the titles it pulls from, this compilation is a recommended addition. The photos and instructions are quite strong, and the lack of topical arrangement is awkward but not insurmountable." - Library Journal"The book is heavily illustrated with clearly written, step-by-step instructions for all manner of home repairs and installations. The drywall section alone runs more than 20 pages, and that doesn't include a separate entry on textured ceilings!" - Decatur Herald-Review

The editors of Cool Springs Press have produced the highest qualityÃ Ã DIY homeÃ Ã improvement books for more than 30 years. In conjunction with the experts at BLACK+DECKER they have combined resources to create more than 200 home improvement titles thatÃ Ã provide consumers and weekend DIYers with the information they need to get the job done right. Their books have set the standard for do-it-yourself publishing, featuring clear, professional photography and concise step-by-step instructions that get straight to the point.Ã Ã View our full catalog at CoolSpringsPress.com or connect with us on Facebook (facebook.com/QuartoHomes), Twitter (@quartohomes), or Pinterest (pinterest.com/QuartoHomes).

which it could go further in details one- by -one on how to repair things in your home.

Excellent manual with great pictures. Perfect gift for my first home owner son.

I bought it for my son,a first time homeowner, and I'm sure he will use it alot! It covers about every homeowner project that I could think of.

Has everything we needed in this book! Make sure you are looking at the latest publication!!

Very useful - includes a lot of common house problem fixes and has step-by-step directions with pictures. Will try to do one of the projects soon!

Perfect! I love DIY projects but I want to make sure that it is done right, this book is the key!

My brother suggested this to us as new home owners. Fantastic suggestion.

excellent!
