You've been warned :) Titles in this series: **Seducing the Storm** I'm a soldier. I'm a hard man. I don't do love and I don't do cute but the moment I meet Lenny Coleman that is exactly what I get. The little doctor is a mess, a walking disaster and also my wet dream come to life. I should walk away and tell one of my men to protect the little doctor from the danger dogging her, but when Lenny makes me a proposition I can't refuse and I finally get my hands on her. Well the only taste I want more than my freedom is the good doctor, in my bed. Forever. **Bringing down Jericho** When someone shoots my house up and tries to hurt me I find that one hot bad boy with a grin so hot he scorches my drawers, is exactly what I need. Seems I've brought down the walls of Jericho and the man may just be exactly what my god girl heart desires. **Flirting with Fire** Blaze Peters is my brother's best friend, a surly brute and possibly one of the sexiest men I have ever seen. When Jericho, my big bad brother, gets a bug up his butt about one small burglary and tiny murder attempt I find Blaze on my doorstep and a whole lot of heat that won't be satisfied unless I convince the big sexy soldier that resisting temptation is the last thing he wants to do. **Landing King** My name is Brett King. I don't want a woman more than one night, maybe two if she gets the message that commitment ain't happening. That's how I live and I am more than happy to keep it that way. Until Kinsley Jacobs show up on my doorstep, the one woman who made me want more than one night. **All Shook Up** When a friend called and asked me to protect one of his employees, I thought this job would be a cake walk. I'd go in, find the person responsible for scaring Rosetta Mayhew and move on to my carefree existence and quick flings. What I get instead is a female Elvis impersonator and one night that permanently alters my very soul. **Owning Trace** Trace Matthews storms back into my life on a golden chariot and expects me to just forgive and forget the past? The man abandoned me years ago and broke my heart into jagged pieces that still make me bleed.

This set of books had me laughing so hard I almost snorted my pop! These books might not be for everyone. I have to admit in the first story the heroine talked like a pit scratching red neck with no filter from mouth to brain and she was a doctor! However I have to admit that some of the stuff that came out of her mouth was a hoot. Plus I just loved the take no prisoners with a cane old lady Mrs. T. Got to love her when she can make an alpha quake in his shoes! The stories are told in alternating POV's and characters from each story are a blending into one arc line. The common arc is the watcher he is keeping a secretive eye over the other watchers and you know there is some kind of history there but not what it is. The men are not happy with having an unknown observing them however, the watcher has done stuff that has save each woman in some way. What I didn't like was the editing there were many times where you think your reading inner dialog but then a person answers them. I would have to read it over several times to figure out what the author meant. I don't like being thrown out of a story because of bad editing. So if you like Cro Magnon good ole boys with hearts of gold where their knuckles hit the ground every so often you will love this series. Think Dukes of Hazzard boys on steroids! A solid 3.5 stars I rounded up.

I am a huge fan of Kristina Weaver's books. This new bundle of brand new books was everything I have come to expect from this author. Family, brotherhood, women who love them, lots of sarcastic humor, action, mystery and suspense.....and totally erotic sexiness. These men are completely alpha yet are tender where their women and children are concerned. I never put down her books without reading to the last page.....and then I still want more. Kudos to the author for a gift that

brings so much pleasure to others. Highly and happily recommended.

Loved reading The Watcher's. Six great love stories with a lot of laughter thrown in for good measure. Kristina Weaver really outdid herself with this series.

Absolutely loved The Watchers... This bundle is made up of six stories each one is a little different but they all flow together to make a great story. The Watchers are 5 men who were all military in the same unit but got out after losing one of their own, the last story will pull everything together and reveal their "guardian angel". Each story is about these alpha men finding love, their love interests are all sassy, strong and beautiful. So if you love good romance stories with strong male and female characters then pick up a copy of The Watchers. Happy Reading!!!

Love Kristina weaver books but this one was hilarious.... I even had the hubs reading some of it when I almost spit my soda all over him when I started laughing when I was reading at lunch.... Very good book...

Awesome, exciting and funny! I've read the first 2 books in this bundle and I have loved them! I have very literally lol'd laughing so hard that I nearly peed myself. She Kristina Weaver writes with a style of humor that I can only compare with Ann Charles, author of the Deadwood series. Bet your boots I will be buying more Kristina Weaver books! Now, back to book 3 in the Watchers series!

This bundle was a fun, enjoyable read. To see how these alpha heroes fell so hard and fast and all the shenanigans they got up to was hilarious. At one point when one of them said...a vagina is not sweet like some frou frou drink....that made me chortle it was funny and dare I say accurate. A very enjoyable series and I always love an epilogue that gives us a glimpse of them years down the line. Truly makes it complete.

This book series was really fun. It was a little more crass than I'm used to, but super fun. The female characters were strong and had great senses of humor. The guys were strong, but not so dominant you want to slap them. I thought this series would be mediocre because it only cost me \$1, but it was totally fun to read.
