Viking Designs (Dover Pictorial Archive)

Synopsis

The legendary Vikings of Scandinavia were among the most dynamic peoples of Europe. Throughout the Viking age (c. A.D. 800â “100), the vibrancy and aggressive energy of this culture found expression in the bold, often fantastic designs of its art. The royalty-free collection contains over 175 of these designs, adapted from authentic images originating in the metalwork, woodwork, textiles, stone and bone carvings, and ceramics of the Viking homelands of Norway, Denmark, and Sweden, as well as the lands they colonized: Iceland, northern Scotland, the Isle of Man, Ireland, and others. Motifs include sinuously intertwining patterns reminiscent of Celtic art, real and mythological animals, dragon-slaying heroes on horseback, "gripping beasts," and many more, all exuding a sense of power and confidence. Whether you're an artist, illustrator or craftsman, or simply an admirer of dramatic, eye-catching design, this convenient, inexpensive volume will provide a handy source of inspiration, as well as striking embellishment for a host of graphic projects.

The legendary Vikings of Scandinavia were among the most dynamic peoples of Europe. Throughout the Viking age (c. A.D. 800â “100), the vibrancy and aggressive energy of this culture found expression in the bold, often fantastic designs of its art. The royalty-free collection contains over 175 of these designs, adapted from authentic images originating in the metalwork, woodwork, textiles, stone and bone carvings, and ceramics of the Viking homelands of Norway, Denmark, and

Sweden, as well as the lands they colonized: Iceland, northern Scotland, the Isle of Man, Ireland, and others. Motifs include sinuously intertwining patterns reminiscent of Celtic art, real and mythological animals, dragon-slaying heroes on horseback, "gripping beasts," and many more, all exuding a sense of power and confidence. Whether you're an artist, illustrator or craftsman, or simply an admirer of dramatic, eye-catching design, this convenient, inexpensive volume will provide a handy source of inspiration, as well as striking embellishment for a host of graphic projects.

This book contains a number of interesting designs and the author deserves credit for noting their sources. However, what you get looks to my eye like mediocre freehand copies of the original designs which were not done by a highly skilled illustrator. Details tend to be rough and poorly defined. I did not find many useful items and despite the low price, the book is not a good value.

I am happy with the book, it has a lot of different designs. I was only disappointed that the pictures weren't actual pictures, more copies of the actual item they were describing. But it tells you what part of Scandinavia the pieces come from although some of them I couldn't find on a map. Thank you!

After researching my ancestry and finding out my origins, I have a great appreciation for the beautiful artwork. I love this book, and have been trying to soak up as much as I can find :) very interesting!

The image collection is poor. There are thousands of viking designs, images and art work, but this collection has nothing to offer. The images aren't usable for anything and you can get better online or in other viking books. I was trying to get some ideas for a viking themed tattoo, but nothing here.

I bought this book as a reference guide for sketching and designing my Viking tattoos. It has been invaluable for that task and well worth the money spent.

Not exactly what I was expecting when I ordered this, but really interesting to flip through and see how the art work changed as time passed.

I bought this book in hopes of finding I really unique design for a tattoo. I wanted something Nordic

done because that is my heritage, and I found just the design. For all of you who have the book, or are planning on getting it, I will be getting the design of page 9. It's so great, I love it! No complaints about the book, was in perfect condition, although it took a little longer to get than I expected. But it was well worth the wait.:D

fun stuff for my wife, a start for designing her own hand work peices
