Daily Drills And Technical Studies For Trumpet

Synopsis

Written by renowned teacher Max Schlossberg, this book demonstrates his well-regarded methods on mastering the trumpet. It is especially useful for developing the upper register, from G2 to C5. Used by schools, universities, and conservatories the world over.

Customer Reviews

Exercises in this book should be part of your daily warm up. This is quite simply the best book for slurs, octave exercises and lip building activities with many other added components.

The book was recommended to me & it's exactly what I needed & the service getting it to me was perfect. Thank you all. K

I had an old edition, circa 1960's; don't know what happened to it. When I started playing again in 2012, after a 26-year "layoff", I went looking for this book. That I couldn't find it led to the subsequent purchase of a new copy. Truth be told, I hate the exercises, but they do the intended job, so I'll keep using the book and continue to practice like I know I should. Swallow your pride, un wrinkle your nose; and buy it.

good stuff

If you are a trumpeter...you should know Schlossberg!REPLACING MY 50 year old addition!

A must for any trumpet player.

Needed this for my trumpet tutor, just as I expected

Very good quick delivery and well packed!
