Walking Into Colorado's Past: 50 Front Range History Hikes

Synopsis

What could be better than a walk through Colorado's mountains, woods or valleys? How about a history hike? Hikers and historians Ben Fogelberg and Steve Grinstead take you there, and then take you beyond-sharing vignettes of days past to enhance these 50 walks to historic places in and around Rocky Mountain National Park, Fort Collins, Boulder, Denver, COlorado Springs, Pueblo, La Junta, and Trinidad.

What could be better than a walk through Colorado's mountains, woods or valleys? How about a history hike? Hikers and historians Ben Fogelberg and Steve Grinstead take you there, and then take you beyond-sharing vignettes of days past to enhance these 50 walks to historic places in and around Rocky Mountain National Park, Fort Collins, Boulder, Denver, COlorado Springs, Pueblo, La Junta, and Trinidad.

This book is well-built with a heavy laminated cover and heavy paper for the pages. Everything is full color as well. As the subtitle implies, it's not an all-inclusive book for Colorado hiking. However, the hiking trails, driving instructions, etc. for each site pique one's interest. Quality pictures of the sites make for easier preparation prior to the actual visit. Although I've spent a lot of time in Colorado's mountains, there were plenty of new places I'd never heard of.

A lot of fun easy hikes worth checking out in here. I love reading the stories while standing at the

locations. It's amazing how easily we overlook the history that surrounds us in Colorado. The graphic maps in the book are very general though- and I turned a 5 mile hike into 10 miles by taking different trails not marked in the book's map- whoops! I now research the hike online before just venturing out with the book only.

A very well researched and useful book.

I learned of many trails within an hour of here that I never knew about! And the background of history for each area is well-written and informative.

Can't wait for springtime to do some hiking. This book will be awesome. Good price and fast shipping also.
